28th January 2022

Dear Parents / Guardians,

Year 10 Science Paper 1 Assessment ~ Thursday 3rd February – Friday 11th February 2022

I am writing to you today to make you aware that starting on **Thursday 3rd February until Friday 11th February**, your child will be sitting a Science Paper 1 Assessment which will consist of 3 papers: biology, chemistry, and physics. Due to time constraints within lessons, each paper will be split into two, therefore, in total, there will be six papers. These will take place during their science lessons.

To help prepare for these assessments, we have uploaded resources onto Microsoft Teams. I would also like to suggest that if your child needs any further support, they come and speak to any of the science team who will gladly support your child with revision.

Yours faithfully,

Mrs A Adams
Head of Science
