

Alfie Scofield 10MJP

The visit to Auschwitz really stood out to me, I found the whole experience very moving. To see it first-hand really made me understand the impact and extent of the atrocity of this event.

I felt emotional when I saw the piles of shoes as it was a huge pile and it was from the deaths of people in just one week, it showed to me how many people had died in just that short period of time.

I found the trip a once in a lifetime experience that I will never forget. I took photographs so I could share this experience with my family and they also felt moved to hear about it.

The talk we heard from the Holocaust Survivor was inspirational. To hear her story from a personal point of view made it feel real to me.

Our visit to the Salt Mine was interesting. I was astounded by how many amazing structures have been sculptured out of salt.
