Year 8 Book Talking

Jo Sennitt from Creative Learning Services visited JFC today bringing in an excellent range of books. At Book Talking sessions for all our Year 8 English Classes Jo discussed and read extracts out from an eclectic range of books to inspire and encourage our students to read for pleasure and to try different genres of books. There were queues in the library at break time as Year 8 students rushed to the library to be the first to take the books out on loan.

We received really positive feedback from our students, one student said, “I really enjoyed the Book Talking this morning, it made me realise that I could read books that are different to what I normally read. The book “Silence” particularly intrigued me as it sounds quite emotional. I’m excited for the next Book Talking session”.

Another student said, “I absolutely loved the Book Talking Event. It gave me an idea on what book to read next as I love reading but I have not found a book I like”.

Another student said, “this is the second Book Talking event I have been to and I love going”.
